Re: *Ex Parte* Presentation
CC Docket 92-237
NSD File No. 98-151

Dear Ms. Salas:

On Wednesday, June 30, 1999, on behalf of Mitretek Systems, Kathleen Wallman and I had a telephone conversation with Linda Kinney, Legal Advisor to Commissioner Ness, regarding the above matter. In our discussion, we expanded on Mitretek's capability to execute a seamless transition as set forth in the detailed transition plan had been placed in the record of the proceeding. We also reiterated the position of Mitretek that the neither the incumbent administrator nor its proposed successor meets the neutrality standards of the law.

Sincerely, 

John E. Logan
